EDUCATION

RK. University   **Sept,2022- June, 2026**
B.Tech. in Information Teachnology(IT)   Rajkot, India
CGPA: 8.1/10.0

TECHNICAL SKILLS

Programming Languages: JavaScript, Dart, C, SQL, Python
Libraries/Frameworks: Node.js, Express.js, React, Flutter, Firebase,MongoDB
Web Technologies: HTML5, Tailwind CSS,JavaScript
Fundamentals: Data Structures and Algorithms, Operating System, Database Management Systems

PlayVia OTT   Javascript

Tech Stack*:* **HTML,CSS,Javascript,React**
- Designed and implemented responsive UI components with HTML, CSS, and JavaScript
- Utilized React for building dynamic, reusable components and managing application state
- Collaborated with backend developers to integrate REST APIs for content delivery
- Implemented routing using React Router for smooth navigation within the platform

ChatCom   Flutter

Tech Stack*:* **flutter,dart,firebase**
- User **registration**, **login**, and **logout** using **Firebase Authentication**
- Forgot Password and Reset Password via email
- Image Uploading using Firebase Storage
- Real-time chat with Firestore integration
- Used dependencies**: firebase_auth, cloud_firestore, firebase_storage, image_picker, provider**

Portfolio   Flutter

Tech Stack*:* **flutter,dart,firebase**
- Developed a digital portfolio app to empower politicians and improve public engagement
- Implemented sections for personal info, achievements, and contact options
- Focused on clean UI/UX with mobile-first responsive design
- Integrated Firebase for real-time updates and backend support

Built secure Job Management API   Node.js

Tech Stack**: Node.js, Express, MongoDB, JWT**
- Built a **RESTful Job Management API** with **CRUD operations**, input validation, and error handling.
- Implemented **JWT authentication & bcryptjs** for secure user login/authorization.
- Designed schemas with **Mongoose ODM** and integrated with **MongoDB**.
- Secured API using **helmet, cors, xss-clean, express-rate-limit**
- Tested endpoints using **Postman**

JWT Authentication System   Node.js

- Focus only on authentication **(JWT, bcryptjs, middleware).**

CERTIFICATIONS

- Javascript and Flutter Certification(Infosys Springboard)
- NPTEL online certification in Data Science(python)
- NodeJs Certification(Infosys Springboard)
